

Type Approval Certificate

IsatData Pro (IDP)

UE Model: IDP-782

Skywave Mobile Communications Inc (an ORBCOMM company), the manufacturer of the IDP-782 User Equipment (UE), identified as IDP-782, has submitted test data which demonstrates that the said UE when operating in the environmental conditions set forth in its Product Specification meets the applicable technical requirements for use with the Inmarsat Satellite Communications System, subject to the correction of any certain time limited waivers by Skywave Communications Inc.

Skywave Communications Inc has certified that all other units of the same type will meet all technical requirements in a similar manner to the units subjected to test, and that the tests have been conducted in accordance with procedures approved by Inmarsat. The full technical details of the IDP-782 UE are documented in the Product Specification.

Inmarsat does hereby certify that the IDP-782 UE identified herein are acceptable for use with the Inmarsat Satellite Communications System as of the date of this certificate.

Approval Date: 9th Feb 2015

1. This certificate does not authorise the operation of the IDP 782 UEs in the Inmarsat System. Such authorisation requires registration after installation, in accordance with registration procedures. In addition, the operation of the IDP 782 UEs may also be subject to national licensing requirements.

2. This certificate is intended only as formal notification to the manufacturer that Inmarsat has determined, on the basis of test results submitted by Skywave using test procedures approved by Inmarsat, that IDP 782 UE models of the type identified herein meet the standards for use with the Inmarsat System. This certificate is not a warranty of the performance or fitness for purpose of the IDP 782 UEs and Inmarsat hereby expressly disclaims any and all liability arising out of or in connection with the issuance, use, or misuse of this certificate.
